#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

#### Status

- 1) ☒ Responsive to communication(s) filed on 18 May 2007.
- 2a) ☒ This action is **FINAL**.                      2b) ☐ This action is non-final.

## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by DE 4339508.

As to claims 1 and 8, DE '508 discloses a component (14) having one circulatory embossing (15) that protrudes beyond its surface toward the connection side and engages in a complementary recess (12) of the other component (10) and that can be pressed during resistance welding. The component (14) having additional embossing (figure 1) that limit the impression depth of the circulatory embossing into the recess of the other component (figure 1). As to claim 2, additional embossing protrudes each by the same height. As to claims 3 and 4, the embossing exhibits a round contour to be fitted in a round recess. As to claim 5, the embossings are oblong fins. As to claim 6, all embossings provided on the same component (figure 1). As to claim 7, the first and second component used for vehicle seats.

### ***Response to Arguments***

3. The examiner acknowledges the applicants' amendment received by the USPTO on May 18, 2007. Claims 1-8 remain under consideration in the application.

4. Applicant's arguments filed May 18, 2007 have been fully considered but they are not persuasive.

With regard to the applicant's remarks/arguments on page 5 of the amendment, the applicant argues that DE '508 fails to teach additional embossing. The examiner respectfully disagrees. Based on the broadest reasonable interpretation of the claimed invention, examiner interprets numeral 13 of DE '508 to be additional embossing. The embossing (13) is part of the component (14). The embossing (13) limits the amount of impression depth, as shown in figure 2. Therefore, claims 1-8 are rejected and made final based on the broadest reasonable interpretation of the claim language.

### ***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1725

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Kevin P. Kerns whose telephone number is (571) 272-1178. The examiner can normally be reached on Monday-Friday from 8:00am-5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jonathan Johnson can be reached on (571) 272-1177. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
